

RFID-cards

RFID cards that can be used for access control, as a payment medium, and for many other functions.

Custom design

The cards can be delivered with your custom layout.

They can be printed on both sides.

Choose between offset printing and thermal printing.

Offset print

Offset printing provides a sharp and durable result with the option of full-colour printing.

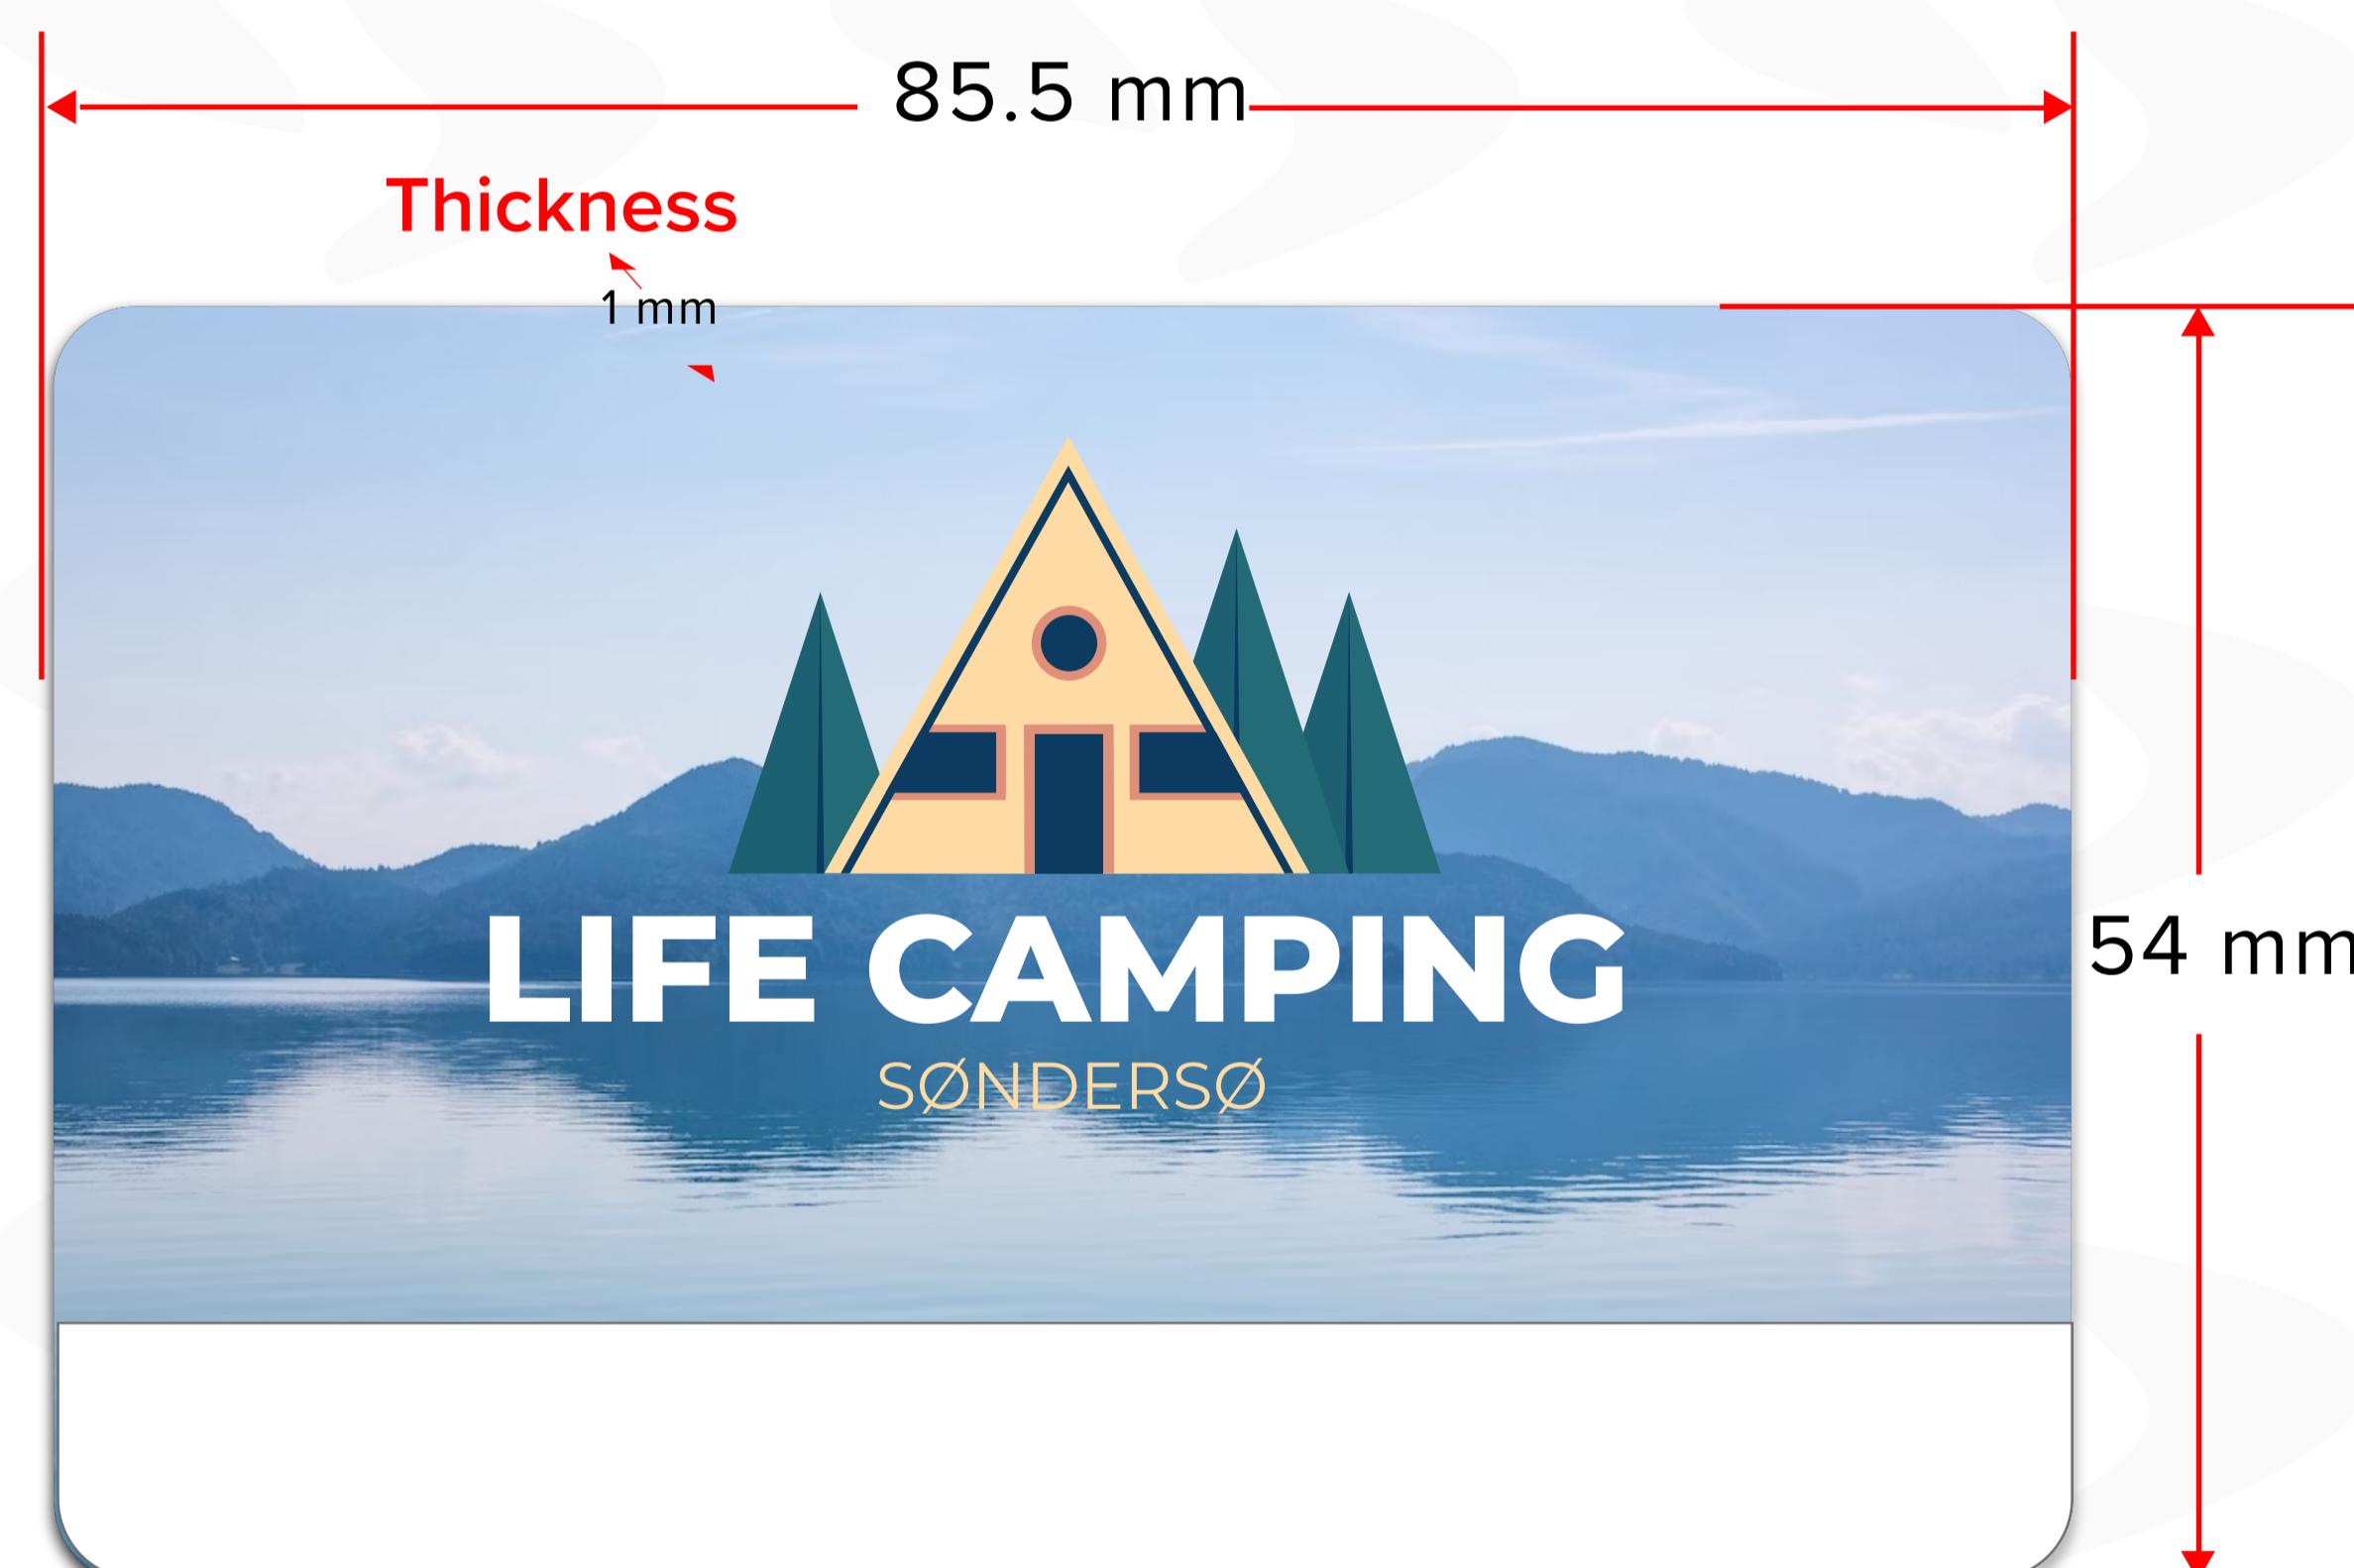

- Minimum order quantity: 1,000 pcs
- Production time: approx. 5 weeks

Thermal print

Thermal printing delivers a fine result. (Not suitable for full-colour designs.)

- Edge printing possible (0.5 mm)
- Minimum order quantity: 200 pcs
- Production time: approx. 3 weeks

Dimensions
